## TESTIMONIALS

"I work for State Farm, and I needed someone to remove a tree from a customer's home. Chase was very helpful, professional and all around a nice guy. He got out to our customers home within that hour and removed the tree by end of day."

-Nicky Murphy State Farm Agent

"Snyder's tree service was fast to respond to my message and fast to show up and remove our ice damaged trees. Very nice, respectful and professional. They came with all the right equipment and tools, got right to work, taking extra steps to protect our property and cleaned up nicely. I can't say enough about them, they ran into hidden problems and handled them like a pro. Swiftly and safely! Highly recommend them for any of your tree needs. We will call them again."

Sheila Shaffer Customer

"Thank you Chase and the Snyders Tree Service crew for doing a fantastic job of taking care to avoid any damage to our deck and home while removing a challenging 80' plus soft maple for us. Everyone was so impressive in knowing their job, especially the climber, and took care to clean everything up. You were the most competitive bid yet I feel couldn't have given better service at any price. Thanks again, Jack and Nora"
